GENERAL NOTES

1. This Drawing Issue has been checked and approved in accordance with the LDC Quality Management System.
2. All work to be carried out in accordance with particular BSI general specifications, in conjunction with relevant conditions of contract.
3. This drawing shall not be used directly for Construction, but for preparation of Shop Drawings and for other disciplines and Suppliers prior to manufacture, delivery and erection on site.
4. All dimensions and levels are in millimetres, unless noted otherwise, unless written to the contrary to be followed and not scaled from the drawing.
5. All dimensions to be verified at site and coordinated with other disciplines' manufacturers in the preparation of shop drawings. Any changes shall be validated by the consultant.
6. The drawing is for information only and is not to be relied upon for the complete construction details and technical specifications for approval prior to execution. Shop drawings shall be submitted to the consultant for approval. The drawing is not to be an expansion / construction joints needed for the respective materials / finishes / related works.
7. Safety standards and statutory regulations shall be adhered to in the manufacture, supply, storage and erection of the drawing.
8. Any discrepancy or ambiguity whatsoever with dimensions / details / legends / descriptions, etc., shall be brought to the attention of the Consultant and clarification sought immediately.
